## Product Description

### RF EMS Beauty Instrument For Face And Neck Firming And Lifting Body Shaping

#### Product Description:

This beauty instrument is designed to provide you with a range of functions such as Face Slimming, Face Lifting, and Anti-aging. It uses advanced Radio Frequency (RF) technology to stimulate the production of collagen and elastin in the skin, which helps to tighten and lift the skin to reduce the appearance of fine lines and wrinkles.

The RF EMS Beauty Instrument is compatible with a voltage range of 100-240VAC, making it suitable for use in a variety of countries. It also features five different modes that you can choose from, allowing you to customize your beauty treatment to suit your specific needs. With an output power of 10W, this beauty instrument is powerful enough to deliver effective results in a short amount of time. It also features three different LED wavelengths, including 620nm, 415nm, and 530nm, which are designed to target different skin concerns such as acne, hyperpigmentation, and inflammation.

Overall, the RF EMS Beauty Instrument is an excellent choice for anyone who is looking for an efficient and effective way to improve the appearance of their skin. With its advanced technology and customizable settings, this beauty instrument is sure to provide you with the results you are looking for.

#### Features:

Product Name: RF EMS Beauty Instrument

Rf Frequency: 1MHz

Material: ABS + Stainless Steel

Treatment Area: Face, Neck, Body

Function: Face Slimming, Face Lifting, Anti-aging

Other Name: Radio Frequency Facial Machine

This EMS Beauty Instrument is also known as a Face Beauty Instrument and EMS body shaping machine.

#### Technical Parameters:

Output Power	10W
Voltage	100-240VAC
Feature	Skin Whitening
Color	White, Black
Material	ABS + Stainless Steel
Function	Face Slimming, Face Lifting, Anti-aging
Rf Frequency	1MHz
Number of Modes	5
Led Wavelength	620nm, 415nm, 530nm
Treatment Area	Face, Neck, Body

#### Applications:

The RF EMS Beauty Instrument is designed for various facial treatments such as face slimming, face lifting, and anti-aging. It has three different LED wavelengths, which are 620nm, 415nm, and 530nm, that can help improve skin texture, reduce acne, and restore skin elasticity. The output power of this product is 10W, enough to deliver energy to the skin without causing any harm.

Here are some occasions and scenarios where you can use the RF EMS Beauty Instrument:

**Facial Spa and Salon:** Beauty centers can use the RF EMS Beauty Instrument to provide facial treatments such as face lifting and anti-aging. The device's RF Frequency of 1MHz can effectively stimulate collagen production, which can result in tighter and younger-looking skin.

**Personal Use:** You can also use the RF EMS Beauty Instrument at home to maintain your skin's health and beauty. With its slim and compact design, you can easily carry it with you wherever you go and use it anytime you want.

**Skin Care Clinics:** Skin care clinics can use the RF EMS Beauty Instrument to provide treatments for acne-prone skin. The device's LED wavelengths can help reduce acne and improve skin texture.

**Beauty Events:** The RF EMS Beauty Instrument can also be used in beauty events to showcase its effectiveness in improving skin health and beauty. Its sleek and modern design can easily attract potential customers.

Overall, the RF EMS Beauty Instrument is a must-have beauty device for anyone who wants to maintain youthful and healthy-looking skin. With its advanced features and functions, you can achieve your desired skin goals in no time.
